### **Statement of the Nature, Reasons and Basis for Proposed Change**

Section 6.15.5 of the GT&C of ANR's Tariff sets forth the System Cashout Mechanism. The System Cashout Mechanism provides for an annual calculation, on a system-wide basis, of a cashout surcharge (positive or negative) reflecting annual cashout activity.

Consistent with the requirements of Section 6.15.5, attached hereto as Appendix C is ANR's annual report of net cashout activity on its pipeline system. Attachment 1, Page 1, of this report reflects the calculation of the 2013 Net Cashout Activity Balance, made up of a beginning negative cashout balance (*i.e.*, costs in excess of revenues) of approximately \$1.13 million, and net negative cashout activity during calendar year 2013 of approximately \$584 thousand (*i.e.*, costs in excess of revenues). After including carrying charges, the Net Cashout Activity balance at December 31, 2013, used to develop the surcharge, is approximately negative \$1.77 million.

Consistent with Tariff Section 6.15.5, paragraph (b), ANR has calculated a Cashout Price Surcharge of \$0.6091/Dth by dividing the Net Cashout Activity negative balance by the total of all cashout volumes bought or sold in 2013. As shown on Attachment 1, Page 1 of 4 of this report, the result is an increase of the currently effective Cashout Price Surcharge from a rate of \$0.2905/Dth to a rate of \$0.6091/Dth. ANR is enclosing herewith the detailed schedules, in Appendix C, that derive the Cashout Price Surcharge of \$0.6091/Dth.

- Attachment 1 sets forth a monthly summary of the net cashout activity on a system-wide basis for the period January 2013 through December 2013 (pages 2 - 4), and in total for the twelve-month period (page 1). Deficient Quantities are

shown as positive entries and Excess Quantities are shown as negative entries. Page 1 summarizes the cashout activity during this twelve-month period, and also provides the calculation of the Cashout Price Surcharge.

- Attachment 2 sets forth the calculation of carrying charges on the monthly net cashout activity in accordance with Section 154.501 of the Commission's regulations.
- Attachment 3 summarizes the spot price indices for Louisiana, Oklahoma, Canada, and the ANR Mainline for the period January 2013 through December 2013.
- Attachment 4 includes a listing of all actual replacement gas purchases and sales, including volume and amount, by entity.
- Attachment 5 includes a detailed report of monthly net volume imbalances cashed-out (bought or sold), including applicable cashout prices, and the applicable cashout gas costs or cashout revenues, by shipper and by receipt area, for the period January 2013 through December 2013.

ANR recognizes that a Cashout Price Surcharge of \$0.6091/Dth, as calculated herein, represents a substantial increase from the currently effective Cashout Price Surcharge rate of \$0.2905/Dth. As such, ANR is willing to reduce the Cashout Price Surcharge for the period June 1, 2014, to May 31, 2015, upon the condition that such voluntary action is without prejudice to ANR's right to recover all prudently incurred costs in connection with cashout activity incurred on its system during the 2013 period as well as in future periods. Therefore, ANR proposes both a primary case and an alternate case, as more fully described below.

## **Instant Filing**

### *Primary Tariff Records*

As its primary case in the instant filing, ANR is submitting Section 4.16, included herein as Appendix A, which reflects a Cashout Price Surcharge of \$0.4500/Dth, to become effective June 1, 2014. As a result of the extreme cold weather conditions experienced across ANR's system this past winter, ANR was forced to purchase gas at substantially higher prices in January and February 2014 to cover deficient shipper cashout imbalances (*i.e.*, sales to shippers) incurred in November and December 2013. The higher purchased gas costs resulted in an increase of approximately \$0.30/Dth to the Cashout Price Surcharge of \$0.2905/Dth reflected in last year's Cashout filing. In an effort to mitigate the impact of such an increase on its Cashout shippers over the upcoming cashout period, ANR's primary proposal reflects an approximate split of the difference in the rate increase, resulting in a Cashout Price Surcharge of \$0.4500/Dth. ANR, however, does not waive its right to prospectively recover all of the costs of purchases made in 2013 to cover deficient shipper cashout balances. Therefore, any Net Cashout Activity balance remaining at May 31, 2015, *i.e.*, the end of ANR's upcoming cashout period, will be carried forward into ANR's 2015 Cashout filing for recovery therein.

ANR requests that the Commission grant all waivers necessary to permit ANR's implementation of a reduced Cashout Price Surcharge of \$0.4500/Dth, subject to the conditions included herein.

### *Alternate Tariff Records*

In the alternative, and consistent the requirements of the cashout mechanism included in Section 6.15.5, ANR is submitting Section 4.16, included herein as Appendix D, which reflects a Cashout Price Surcharge of \$0.6091/Dth, as determined in the workpapers attached hereto in Appendix C, to become effective June 1, 2014.

### **Effective Date**

ANR respectfully requests that proposed primary Section 4.16, included as Appendix A, be accepted without addition, modification, or deletion, and be placed into effect on June 1, 2014. In the event the Commission does not accept proposed primary Section 4.16, ANR respectfully requests that proposed alternate Section 4.16, included as Appendix D, be accepted without addition, modification, or deletion, and be placed into effect on June 1, 2014. Apart from the foregoing, ANR reserves its right under Section 154.7(a) to file a motion to place the proposed revised tariff sheets into effect at the end of any suspension period ordered by the Commission.

### **Other Filings Which May Affect this Proceeding**

There are no filings before the Commission that may affect the changes proposed herein.

### **Materials Enclosed**

In accordance with Section 154.7(a)(1) of the Commission's Regulations, ANR is submitting an eTariff XML filing package, which includes:
