Statement of Nature, Reasons and Basis for Filing

ANR developed Rate Schedule FTS-3 (“FTS-3”) to provide shippers with the ability to contract for transportation service at pre-established, varying hourly quantities on a firm basis. Under FTS-3, shippers may elect a Short Notice Start-up and Shut-down (“Short Notice”) enhancement option pursuant to Section 5.5.4, whereby a shipper may, with a prescribed two (2) hour notification, start-up and shut-down its FTS-3 service outside of ANR’s established nomination cycles as set forth in Tariff Section 6.6.³ Additionally, subject to operational conditions and on a best efforts basis, existing FTS-3 shippers may request to start-up and shut-down with a shorter notification period than the two-hour period prescribed in Section 5.5.4 of ANR’s Tariff.

In response to shipper interest, ANR is proposing in the instant filing to enhance service flexibility under Rate Schedule FTS-3 by adding a thirty (30) minute short notice option.

Upon receipt of a shipper request for the 30-minute Short Notice enhancement option under FTS-3, ANR will evaluate whether it is operationally feasible for ANR to provide the requested enhancement option without any negative effects on its existing firm service obligations, taking into account any necessary facility requirements at the time of such request.⁴ ANR will complete such evaluations on a non-discriminatory basis.

³ Part 6.6-General Terms & Conditions, Nominations (“Section 6.6”). The same short notice start-up and shut-down enhancement option is provided pursuant to Rate Schedule ITS-3’s (ANR’s companion interruptible hourly service) (“ITS-3”) Section 5.11.4 on a best efforts, interruptible basis.

⁴ Consistent with the existing two (2) hour Short Notice enhancement, ANR will not reserve additional capacity above a shipper’s contractual maximum daily quantity to provide the 30-minute Short Notice enhancement.

ANR has added fixed language to Section 5.5.4 reflecting the availability of the 30-minute Short Notice option. With this tariff change, shippers will have the ability to request either of the two-hour or 30-minute options via check boxes added to ANR's service request form, and a shipper's confirmed election will be reflected in a new fill-in-the-blank in the shipper's service agreement. In addition, ANR added fixed language in Section 5.5.4 clarifying that ANR will consider any necessary facility requirements as part of its evaluation of a shipper's service request for the 30-minute Short Notice option under FTS-3. ANR continues to maintain fixed language in Section 5.5.4 stating that ANR may provide short notice start-up and shut-down service with shorter periods of notice than those elected by shippers and confirmed by ANR, subject to operational conditions.⁵

The changes proposed herein provide ANR's firm hourly service shippers greater flexibility by affording them the ability to formally request a shorter start-up and shut-down option than currently exists. With the changes proposed herein, existing FTS-3 shippers are welcome to submit a new service request form for the 30-minute start-up and shut-down option.⁶

Effective Date

ANR respectfully requests that the Commission accept the tariff sections included as Appendix A to become effective March 15, 2021.

Other Filings Which May Affect This Proceeding

There are no other filings before the Commission that may significantly affect the changes proposed herein.

Contents of Filing

In accordance with Section 154.7 of the Commission's regulations, ANR is submitting the following via its electronic tariff filing:

1. This transmittal letter;
2. Clean tariff records (Appendix A); and

⁵ ANR is not proposing revisions to its ITS-3 service in the instant filing as Section 5.11.4 of ITS-3 already provides shippers with such service with similar flexibility on a best efforts, interruptible basis. Existing language in Section 5.11.4 states that shippers have " the right to start-up and shut-down service hereunder only upon providing [ANR] with two (2) Hour(s) telephone notification or, subject to operational conditions, a shorter period of notice."

⁶ Existing shippers with the FTS-3 two (2) hour Short Notice enhancement which are currently paying a discounted rate for such service may be required to pay a different rate if ANR confirms their election change to the 30-minute Short Notice enhancement.

3. Marked tariff records (Appendix B).

Certificate of Service

As required by Sections 154.7(b) and 154.208 of the Commission's regulations, a copy of this filing is being served upon all of ANR's existing customers and interested state regulatory agencies. A copy of this letter, together with any attachments, is available during regular business hours for public inspection at ANR's principal place of business.⁷

Pursuant to Section 385.2005 of the Commission's regulations, the undersigned has read this filing and knows its contents, and the contents are true as stated, to the best of his knowledge and belief. Additionally, the undersigned possesses full power and authority to sign such filing.
